

Get to Know

IFCO
SEEDLINGS

IFCO Seedlings is the oldest and largest producer of containerized seedlings in the United States.

IFCO Seedlings is family owned and operated and is headquartered in Moultrie, Georgia.

Container nurseries: Moultrie, GA; DeRidder, LA; LaBelle, FL; Washington, NC.

2020 container production will approach 118MM.

Offerings include: Loblolly, Longleaf, Slash, Shortleaf, and Wiregrass.

IFCO Seedlings acquired four bareroot nurseries from Weyerhaeuser in 2017 and one bareroot nursery from Summit Helicopters in 2019.

Bareroot nurseries: Jesup, GA; Pine Hill, AL; Shubuta, MS; Washington, NC; Verbena, AL

2020 bareroot production will approach 180MM.

IFCO Seedlings has active memberships with seven research cooperatives.

IFCO Seedlings has been involved in tree improvement and R&D since 1972.

IFCO Seedlings is proud to support the following state forestry associations:
VA, NC, SC, GA, FL, AL, MS, LA, AR, OK, TN, TX

IFCO Seedlings sources and produces genetically-improved seed from across the planting ranges as a product of owning and or leasing 15 seed orchards.

Our tree improvement and research programs are directed by Dr. Graham Ford who received his Ph.D. from the Tree Improvement Program at North Carolina State University.

IFCO Seedlings is the most transparent seedling provider in the industry.

**Our goal is to provide you with ample information to make
an informed decision about your investment.**

IFCO Seedlings is committed to serving forest landowners by being the premier producer of superior quality forestry seedlings that maximize the landowner's financial returns and meets their forest establishment objectives.
